DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGG.

DATE: 23/02/2023

NOTICE

ECE Department is planning to conduct doubt clearing sessions for third year students w.e.f. 14/03/2023 for the following subjects-

1) Antenna & Wave Propagation (KEC-603)
2) Digital Communication (KEC-601)
3) Control System (KEC -602)
4) Fundamentals of Python / C, C++

(III Year)

These classes/doubt clearing sessions will be conducted by the students of final year. Interested students for teaching the above mentioned subjects are required to register their names to the faculty co-coordinator/student coordinator latest by 28/02/2023.

Details of allotted classrooms and time table will be announced shortly.

PHOENIX

REPORT

• 20th September 2022 marked the 16th founder's day of Team Phoenix. Even this year a technical board was put up near the Back block by the Team Phoenix.

• After putting up the board a formal invitation was sent to the HOD and faculty members.

• The 3rd year students then explained the working of the board to the faculty and interested students.

• Thereafter a small celebration of the Founder's day was carried out among the Team Phoenix which came to an end by the cake cutting ceremony.

WORKING OF THE BOARD

1.) The technical board was an implementation of a binary authentication circuit. It consists of four LEDs which in working condition represent a binary digit where each LED represents a '1' if glowing and a '0' if not.

2.) These coded binary digits are then converted to their equivalent hexadecimal value. For example if the pattern of LED'S is "OFF ON OFF ON" then the equivalent binary code is 0101 and the equivalent hexadecimal value is 5.

3.) The above operation continues for four successive times.

4.) Further, the interpreted four hexadecimal values are then entered on the matrix keypad.

5.) If the entered password is correct then a welcome message is orated through the speakers and if the password is incorrect then a message regarding the same is orated. Also, after each incorrect entered password the board has to be reset again.

S.NO.	COMPONENTS USED	QUANTITY
1.	Arduino mega, Arduino uno	1 each
2.	Matrix keypad	1
3.	LEDs	4
4.	Speaker	1
5.	Jumper	25

EVENT SUMMARY

S.NO.	TIME-STAMP	DESCRIPTION
1.	9:30-10:00	Setting up the board and inviting the faculty members.
2.	10:00-12:00	Describing the board to faculty members.
3.	12:00-12:00	Explaining the board to interested students.
4.	12:00-12:30	Founder's Day celebration
5.	12:30-1:00	Cake cutting ceremony

REPORT

- Team Phoenix and IEEE Student Branch Chapter successfully conducted its annual technical fun activity **DESOTRIX'22** on the 12th of November 2022.
- This event included a number of engaging tasks that evaluated the participants' knowledge and problem solving skills.
- The event was open for all the students of **second and third year** and it started at 12p.m.
- This activity received the participation of **42 teams** of both second and third year.
- The event's main goal was to create a simple combination of learning and fun in which participants would be exposed to amazing ideas that would test their mastery of the fundamental principles of electronic circuits.
- The event took place in our college at the **Mechanical Lawn.**
- The winner and runner-up teams were awarded with cash prize along certificate.

Games Involved in the Event

S.No.	Name of Game	Volunteer	University Roll No.
1	Jumble Words	Ishita Srivastava (3rd Year)	2000270310078
		Abhinav Pandey (2nd Year)	2100270310006
		Ayush Gupta (2nd Year)	2100270310058
		Snehal Shukla (2nd Year)	2100270310147

		Shubhi Gupta (2nd year)	2100270310141
		Yuvraj (2nd year)	2100270310167

Final Round:

Treasure Hunt

For this round, five different places of college were chosen wherein several components were hidden. Finalists had to decode the places from the given clues and then establish a working circuit with the help of those components. The Teams that did it in minimal time were declared winners.

The names of the winner and runner-up are:

Position	Team Name	Team Members	Cash Prize
1	Alpha	Priyanshu Rawat, Vikas Gupta, Rashi Jaiswal	Rs.1000
2	Mahagun Boys	Ashutosh Tyagi, Vandit Jain, Divyanshi Singh	Rs.500
3	Winter Soldier	Gaurav Vishwakarma, Ayush Sharma, Akash Pandey	Rs.250

- **Co-ordinators of the event**: Ishita Srivastava, Sachin Mishra, Sanskriti Jaiswal, Suryansh.

AJAY KUMAR GARG ENGINEERING COLLEGE, GHAZIABAD

December 20, 2022

DEPARTMENT OF IT

Session: 2022-23 (Odd Semester)
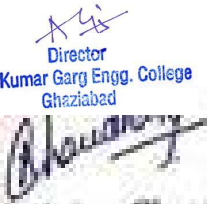

Course name	Mentorship programme
Number of hours taught / total classes	(24 + 24) / 48
Year for which classes were conducted	Second
Names of Mentors	Anshika Agarwal
	Ashutosh Shukla
	Dinesh Bhaskara Bhatta
	Hari Bhajan Singh
	Manas Mishra
	Mohit Arora

Impact on overall subject –wise result

Mentorship programme is a teaching learning process in which senior student takes class of juniors to assist them in some course subjects. A mentorship program specifically geared toward junior students was examined to define and measure variables that have had an impact on student success.

1. Healthier relationships and lifestyle choices.
2. Better attitude about school.
3. Enhanced self-esteem and self-confidence.
4. Professional development opportunities.
5. Students experience positive outcomes from participating in mentorship programs designed to prepare them for university examination.

15th June 2023

rd Ceremony for Outstanding Performance in End Semester Exams

great pleasure that an award ceremony is being hosted by the college to recognize and honor
nts who have demonstrated exceptional performance in the University Examinations in their
branches at College level.

mony will be held on the 26th June 2023 in the main conference hall, Admin block from 1:30PM
M. These students are to be seated at designated places earmarked for them.

e ceremony, cash awards will be presented to the following deserving students as a token of
on for their remarkable achievements. This recognition not only serves as motivation for the
but also sets an example for their peers, inspiring them to strive for excellence.

BIG DATA CENTRE OF EXCELLENCE

EVENT CLOUSER REPORT: 'TOWNHALL' – Two days Multidomain Workshop

The big data center of Excellence Society successfully organized **'TOWNHALL' – Two days Photoshop Workshop** for 1st and 2nd-year students on **29th April and 30th April 2023**. The workshop was focused on various technical domains such as WebDevelopment, App Development, DevOps, Big Data, Machine Learning, UX/UI Designing, Cloud Computing and Blockchain. Total **139 students registered for the workshop** with the first year and second year showing great enthusiasm. At the end, the event concluded with an interactive Q&A session during which doubts regarding different topics like hackathons, competitive programming, college exams etc. were cleared.After the event, certain tasks were given to the attendees. On the basis of task submission following mentioned below are the winners.

Name of winners:

Nameof the Winners	Std.No.	Domain	Prize
Shikhar Pandey	2213088	Web Development	Rs 1000+Tshirt
Rakshita	2211135	UI/UX Designing	Rs 1000+Tshirt
Ananya Dixit	22154118	Machine Learning	Rs 1000+Tshirt
Manas Srivastava	2210080	App Development	Rs 1000+Tshirt

The workshop was effective and helped the students learn about the basics of each domain, which would further help them choose their desired field. Positive feedback was received from the students.

℃CLOUD COMPUTING CELL

Cloud Computing Cell has conducted following events in session 2022-23.

1. **Recruitment Drive**
2. **2-days workshop on Cloud Computing**
3. **2-days workshop on "React-ion"**

1. Recruitment Drive

Team Cloud computing Cell organized a recruitment drive SPOCC-2022. In order to continue the trends of the cell for effective learning and capturing intelligent minds , Cloud Computing Cell organized recruitment drive SPOCC-2022 17 September 2022 to 27 September 2022 in which approximately 250 students were participated in which 15 students were selected after clearing all rounds.

SPOCC-2022 consists of 4 rounds. Round 1 was coding round which held on 17 September 2022 from 6:00 PM to 08:30 PM. This round held online on HackerRank to test the problem solving abilities of students. The second round was designing contest held from 18 to 19 September 2022. Third round consists of MCQ test held on 22 September 2022 and final round was PI round held from 26 to 27 September 2022. After completing recruitment drive

2. 2-days workshop on Cloud Computing

Cloud Computing Cell has conducted workshop from 03rd and 04th December 2023 titled as " 2-days workshop on Cloud Computing" which was approved by Director General. The workshop was conducted under the guidance of Mr. Santosh Mishra and Mr. Sundeep Raj (Coordinators- Cloud Computing Cell).

The Cloud Computing Cell has been in successful exe~~~~~~~~ an 7 years and bookmarked itself as one of the prestigious tech~~~~~~~~ AKGEC, IT Department. In order to continue the trends of the effective learning and capturing intelligent minds to serve the college in even bigger and better way, it is necessary to organize events which help students to gain extra knowledge and sharpen their technical skills. Thus in series another workshop '2-days workshop on Cloud Computing' was conducted by cell on 03rd and 04th December 2023. This event was open to all second, third and fourth year students, 55 students of B.Tech and MCA were participated in this workshop. There was a quiz followed by workshop. Finally, feedback of workshop were

taken . Everyone present in the workshop appreciated the sessions and desired more sessions to be held which must focus primarily on Cloud Computing and its latest trends and technologies.

3. 2-days workshop on "React-ion"

Information Technology department in collaboration with department society CLOUD COMPUTING CELL organized 2-days workshop "React-ion", a code along with an introductory workshop to Web development through React Framework on 10th(Saturday) and 11th(Sunday) of June at Web Technology Lab.40 students from 1st and 2ndyear were registered and actively participated in the workshop.The workshop started on 10th June. The workshop was conducted from 10 AM to 4 PM on 10th and 11th of June.

On the first day, Second-year and Third-year members of the Cloud Computing Cell taught about the basics of Web development with HTML and CSS. Students were guided through a code along exercise where they practiced and implemented syntax to develop a webpage. Students were also provided with refreshment before they were introduced to JavaScript language.On the Second day, all issues and queries regarding HTML, CSS and JavaScript were resolved and then all participants were introduced to React Framework and its use was demonstrated. Participants were also encouraged to follow all commands and codes along with the instructor. Workshop concluded with an Introduction to Cloud Computing and its role in the development of students.

It was a very informative session with lots of positive feedback by the students who attended the event. Cloud Computing Cell has successfully conducted this workshop and also aspires to conduct more such kinds of events to encourage learning of the new Technical skills and fields.

The event was well coordinated by our faculty coordinator Mr. Santosh Mishra (Assistant Professor-IT), Mr. Sundeep Raj (Assistant Professor-IT) and all the students 'members of cloud cell'.

Cloud Computing Cell has successfully conducted this workshop and also aspires to conduct more such kind of events to encourage learning of the new Technical skills and fields.

Report on CODE-a-THON

Team CSI-AKGEC successfully organized a hackathon named CODE-A-THON on April 22nd, 2023, specifically designed for 1st and 2nd-year students. The event was aimed at fostering innovation among the participants, who were required to present innovative ideas and create prototypes or minimum viable products.

ROUND 1(10th April – 17th April 2023)

The CODE-A-THON hackathon organized by Team CSI-AKGEC attracted 18 participating teams. The first round of the competition required the teams to submit their presentations to the organizers. The presentations were then evaluated based on their feasibility, innovation, and potential impact, and the shortlisted teams were advanced to the next round of the competition.

ROUND 2(18th April – 21st April 2023):

The second round of the CODE-A-THON hackathon involved an internal evaluation process to assess the presentations and prototypes submitted by the participating teams. Based on the criteria of innovation, feasibility, and potential impact, 10 teams were selected to move on to the next stage of the competition. These teams demonstrated exceptional potential, and their ideas were evaluated thoroughly by the organizers.

ROUND 3(22nd April 2023):

The next round of the CODE-A-THON hackathon required the 10 selected teams to refine their prototypes and prepare a more detailed presentation on Saturday 22nd April 2023. A panel of judges, consisting of Dr. Avdhesh Gupta, Professor, IT Department and Mr. Madhup Agrawal, Assistant Professor, IT Department evaluated each team's performance based on various criteria, including the project's quality, the strength of the business plan, the project's unique features, and the overall presentation. These winning teams will receive cash prizes as awards for their outstanding performance in the competition.

Winning Teams:

Team Name	Members	Year	Position
Tech Bellators	Atishay Jain	II	First
	Arjun Jain	II	
Sudhaar	Kartik Malik	II	Second
	Lekha Nigam	II	
Bits and Bytes	Paras Upadhyay	I	Third
	Yash Bansal	I	
	Dhruval Gupta	I	
	Lakshya Goel	I	

Report on BRAINSTORM

BrainStorm,-organized by Team CSI, was a unique event consisting of two parallel events for 1st and 2nd year students. Participants registered for either the Ideathon, where they presented innovative ideas with potential for large-scale societal impact to a panel of judges without implementation, or Blind Coding, where participants code without being able to see their monitors, and their code is judged based on its precision.

Cash prizes were awarded to the top 3 teams based on their participation and performance. BrainStorm was an exciting opportunity for students to exhibit their skills and unleash their creativity.

Blind Coding winners:

Name	Branch	Year	Position
Krishna Bansal	ECE	1st year	I
Yash Bansal	AIML	1st year	II
Kshitiz Agarwal	CSE	2nd year	III

Ideathon winners:

Name	Branch	Year	Position
Divya Sharma	IT	2nd year	I
Prithivi Raj Chauhan	ECE	1st year	II
Lakshya Sharma	CSIT	1st year	III

Computer Society of India

Computer Society of India (CSI) has AKGEC Student Chapter since last 9 years and conducted various activities on regular basis. CSI annually enrolls approximately 15 students from different disciplines in their second year. Additionally, they organize a range of events such as technology workshops, coding contests, project advancements, and encourage CSI students to participate in various intercollegiate, state-level, and national-level competitions. During SIH 2022, six students took part in two teams and secured the 1st prize. At the IIT Jodhpur Hackathon, three teams participated, and one of them emerged   . Additionally, at UPES Dehradun, one team achieved the 2nd runner-up position. At BR Ambedkar University, another team secured the 1st runner-up position. CSI strongly values multidisciplinary knowledge and strives to foster expertise across various domains.

Team-CSI consistently organizes three events on a regular basis. Team-CSI organized a total of five events at the college level this year, alongside participating in multiple national-level competitions. Remarkably, they achieved winning positions in all the events they took part in.

Faculty Coordinators:

Dr. Avdhesh Gupta   Mr. Lucknesh Kumar
Professor   Asstt. Professor
IT Department   IT Department

CSI Students Achievements (session 2022-23):

S. No	Session	Event	Dates	Status
1	2022-23	Hackathon at MANIT Bhopal	9-14 Feb 2023	2 teams were qualified and ranked in top 10
2	2022-23	Hackathon 7.0 at UPES Dehradun	17-19 Feb 2023	Three teams were participated and one team won 2nd runner-up prize, other two teams are in top 10.
3	2022-23	Ideathon at Dr. BR Ambedkar University	25 Feb 2023	One team participated and won the 1st runner up position.
4	2022-23	Ideathon at Deen Dayal Upadhyay College, Delhi	25 Feb 2023	One team participated and won the 1st position.
5	2022-23	Hackoverflow at IIT Jodhour (Prometeo'23)	20-22 Jan 2023	Two teams were participated and one team won 1st prize and other is at 5th position
6	2022-23	SIH'22	25-26 Aug 2022	Two teams were participated and both teams won the 1st prize. First team has 5 and one ber.

Quant Quest'23 RENDEZVOUS FEST IIT-Delhi

Student of Department of Computer Science and Engineering along with student from ECE department participated in final round of Quant Quest Hackathon 2023 algorithmic trading competition which was held from 06-03-2023 to 12-03-2023 in online mode at Indian Institute of Technology, Delhi.

It was held under RENDEZVOUS IIT Delhi cultural fest, presented by ALGOBULLS.

Rendezvous is a remarkable event that brings together students from across the country to advance technical knowledge and zest among the youth of India. Rendezvous is the largest Technical and Cultural Fest in complete Asia. Rendezvous always receive a strong positive response from all over India.

This year nearly 500+ participants from different colleges of India were come together in the Quant Quest to show their programming & trading skills. The students of our college were 2nd runner up in the contest and received following prizes:

S.no	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	Prize
1.	Trading Brainia	Mr. Anurag Gupta	Sadhvi Sharma	2100270100135	CSE 2nd Year	2nd Runner up Prize worth Rs. 45K along with 6-months internship opportunity By AlgoBulls
			Yash Taparia	2000270310190	ECE 2nd Year	

The participation turned out to be very fruitful a ~~~~~~~~~~~~~~ had a very knowledgeable experience.

Director
Ajay Kumar Garg Engg. College

They also received free subscription on AlgoBulls trading platform and 6 months internship opportunity.

SHANKARA HACKATHON 2023

SHANKARA HACKATHON is a 24 hours continuous design sprint-like event in which computer programmers and others involved in software development, including graphic designers, interface designers, project managers and others often including domain experts, collaborate intensively on software projects. The competition was organized by Shankara group of Institutions in association with RTU, Jaipur. The event was inaugurated by Shri. Kalraj Mishra ji (hon'ble Governor of Rajasthan) along with the special guest of honour H.E. Julius Pranevicius(Ambassador of Lithuania in India).

This year around 130 projects were presented from different colleges all over India. Our college presented four projects out of which the project titled "SignGo" won the first prize of Rs. 50000. The esteemed jury members appreciated all the teams and asked the team to contact them personally.

S.No	Roll No	Name	Branch	Year	Project Name	Faculty Mentor	Prize

InnoHacks At KIET Ghaziabad

The team won best socially impactful idea out of 30 selected teams at the 24 hours offline hackathon. The project was Digitized Queue Management system for stores, malls, shops and ticket counters. The simple implementation and cost-effective solution with easy usability was appreciated by the judges.

Team members:

1.Saksham   Tiwari   (CS)   (Roll   No.   –2000270120090)
2.Utkarsh   Kumar   Singh   (CSE)   (Roll   No.   –2000270100173)
3.Manish   Kumar   Yadav   (CSE)   (Roll   No.   –2000270100095)
4. Hargun Singh (IT) (Roll No. –2000270130065)

Prize Won: Best socially impactful Idea (Rs 5000+ goodies)

PROMETEO' 23

Students of Department of Computer Science and Engineering along with students of IT Departement participated in final round of HackOverFlow & Date-a-thon 2023 project competition which was held from 20-21 January 2023 in offline mode at Indian Institute of Technology , Jodhpur , Rajasthan.

Prometeo is a remarkable event that brings together students from across the country to advance technical knowledge and zest among the youth of India.

Prometeo is the largest Technical and Entrepreneurth-Western India. It received a huge participant registration of approximately 5,000 individuals from all across the nation.

This year nearly 100 projects from different colleges of India were presented. Out of which 13 were selected for the final round of HackOverFlow & Date-a-thon held on 22 January. In the final round 2 projects out of these 13 won the below mentioned prizes in HackOverflow and 1 project out of 13 won in Date-a-thon :

S.no	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	Prize
1.	CAREERSOME	Dr. Avdhesh Gupta	Divyanshu Rana	2100271530036	CSE(AIML) 2nd Year	1st Prize (₹40,000) In HackOverFlow
			Anubha Sharma	2100271540014	CSE(DS) 2nd Year	
			Raghav Awasthi	2100270100122	CSE 2nd Year	
			Parv Mittal	2100271530052	CSE(AIML) 2nd Year	
			Kanan Agrawal	2100271530043	CSE(AIML) 2nd Year	
2.	LUVMET	Dr. Aditya Pratap Singh	Aditya Varshney	2100271530008	CSE(AIML) 2nd Year	2nd Prize (₹15,000) In Date-a-thon
			Keshav Gupta	2100270100086	CSE 2nd Year	
3.	GROWTH	Mr. Lucknesh Kumar	Pushkar Khare	2100270100120	CSE 2nd Year	5th Position In HackOverFlow

			Siddhant Gurung	2100270130170	IT 2nd Year	
			Saumya Srivastava	210027C	ar	

The participation turned out to be very fruitful as the students had a very knowledgeable experience.

ANVESHNA'23

AKGEC had a proud moment at Anveshna 2023, where 3 out of 15 projects brought laurels to the college. Team Visual Acuity Test, Fitgo, and E-drishti won 1st, 3rd, and 5th prizes, respectively, with a total cash prize of Rs. 60,000.This year 89 projects from different colleges of North India were presented. Our college students presented 35 projects out of which 15 were selected for the final round held on 9-10 February.

Students of Department of Computer Science and Engineering along with school students participated in final round of ANVESHNA 2023 project competition which was held from 9-10 February 2023 in offline mode at National Science Centre,Pragati Maidan,Delhi. This competition is organized by Agastya International Foundation in association with Synopsis, Noida. Originally it has been organized in Bangalore and Hyderabad and now is being hosted in the NCR region from the last few years.

The competition is a mentor-mentee program on engineering level projects. The projects were developed by engineering college students and two school students (from class VII to Class X) were trained by them regarding the technologies used and underlying concepts of science. The projects were presented to the jury members (experienced academicians and industry experts) by the school students under the guidance of the college students on the specified dates. The jury members judged the project according to the set benchmarks.

This year 89 projects from different colleges of North India were presented. Our college students presented 35 projects out of which 15 were selected for the final round. The details are as follows:

S.no	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	School Students	Prize
1.	VISUAL ACUITY TEST	Dr. Shivani Agarwal	Aakanksha Verma	2000270130001	CSIT 3rd Year	Punit & Pinkshikha, (Composite School, Ghaziabad)	1st Prize (Rs. 30,000)
			Anchal	2000270110010	CSE 3rd Year		
2.	FITGO	Mr. Anurag Gupta	Piyush Rai	2000270130118	IT 3rd Year	Amman and Nipun,(DTEA, Delhi)	3rd Prize (Rs. 20,000)
			Vaibhav Yadav	2000270120118	CS 3rd Year		
3.	E-DRISHTI	Dr. Pratima Singh	Ishita Kapoor	2000270100085	CSE 3rd Year	Nadra and Shaajia,(Senior Secondary School, Paharganj, Delhi)	5th Prize (Rs. 10,000)
			Mohd. Omar Siddique	2000271540037	CSE-DS 3rd Year		

C-DAC-2022

Centre for Development of Advanced Computing (C-DAC) is the premier R&D organization of the Ministry of Electronics and Information Technology (MeitY), Government of India. Azadi Ka Amrit Mahotsav (India@75) is an initiative of the Government of India to celebrate and commemorate 75 years of progressive India and the glorious history of it's people, culture and achievements. CDAC Delhi invited the Indian students for an open Grand Challenge has organized as part of Azadi Ka Amrit Mahotsav (India@75). Total 17 teams has participated from CSE Department in CDAC Grand Challenge Contest 2022,organized by CDAC, MeiTY. 6 Teams had been shortlisted for the next round.

2 teams have won the following prizes:

S.No	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	Prize
1	VisionI	Mr. Binayak Parashar	Apoorv Maheshwari	1900270100042	CSE 3rd Year	1stPrize (Rs. 9,000)
			Stuti Goyal	1900270110050	CSIT 3rd Year	
2	Sapto	Dr.Inderjeet Kaur	Anushtha Patel	2000270100085	CSE 3rd Year	2ndPrize (Rs. 6,000)

Programming Club

The Programming Club, Department of Computer Science & Engineering had organized a Coding Contest and Workshop "#include" for the second year students of all branches of our college on 11th October, 2022 (Wednesday) from 4:00 PM to 6:30 PM in Computer Centre – I and CSE Labs, 3" and 4" Floor, CS/IT Block and 8th October 2022 to 9th October 2022 from 9:00 am to 4:00 pm in Main Seminar Hall, Admin Block, respectively.

The workshop entailed the concepts of Competitive Programming from Basic to Advanced level with additional focus on Data Structure and Algorithms. The workshop was conducted by Third- and Fourth-Year students who taught their respective expertise on the topics in order to create and uplift the coding environment in the college in order to continue the legacy and spirits set forth by our Seniors, Teachers and Our College Administration. Also, the contest was organized on HackerRank platform with an aim to facilitate programming skills among second year students, so they can cater the demands of the IT industry. In this contest, students solved six programming problems assigned to them in the area of Data Structures and Algorithms. They had chosen the programming language of their choice to solve these problems. Results were generated by HackerRank platform depending upon the time taken by the students to solve assigned problems and verifying their solutions on all test cases.

Organizing Team:

1. Dr. Sunita Yadav, HoD (CSE) – Convener
2. Ms. Vaishali Rastogi, Asst. Prof. (CSE) – Faculty Coordinator
3. 4th Year and 3rd Year Student Coordinators of Programming Club (37 Students)

Total 174 students appeared in this Workshop and Total of 335 students registered for the contest out of which 219 attended the contest. Top 03 winning students have been awarded Cash Prizes as follows:

Sr. No.	Student Name	Roll No	Class	Prize
1	Tushar Chauhan	2100270100172	CSE-3	Rs. 2000
2	Dhruv Goel	2100270100053	CSE-1	Rs. 1500
3	Anshuman Nandan	2100271640008	AIML-1	Rs. 1000

Top 15 students of this contest have been awarded Certificate of Excellence.

3rd Year Student Coordinators of this contest have been awarded Certificate of Appreciation.

Overall the coding contest and workshop was a beneficial and knowledgeable experience for all the participating students to learn more about COmputer Programming Skills and its Applications. The event is an opportunity for participants to learn new technologies.

include 2.0

The #include 2.0 workshop was held on May 13, 2023, by the coordinators of the Programming Club. The workshop was carefully designed to cater to the skill levels of first and second-year students, ensuring that the participants had a solid foundation in programming concepts.

Following the workshop, the participants were invited to showcase their newly acquired skills in a coding contest. The contest was open to students from the first, second, and third years, creating a healthy competitive environment that fostered collaboration and learning.

Game of Codes

Team Conatus organized a coding event named Game of Codes for students of 2nd, 3rd and 4th year on 5 December 2022 from 4:00pm to 6:15pm. The event was held in CSIT Block Labs. The registra ion started on 3 December 2022 and more than 120 teams registered for the event. Each team consisted of 2 members. The event consisted of two rounds of 45 minutes each to test the programming abilities of the participants.

In the first round, there were 3 questions to be solved in C/C++ and in the second round, there were 3 questions to be solved in Python. Final result was calculated on the basis of both the rounds. The rounds were hosted on hackerrank.com. More than 200 students participated in the event.

Ronins of Citadel

Team Conatus hosted a prestigious two-day field event titled "Ronins of Citadel" tailored specifically for 1st and 2nd-year students. The event was held on the 12th and 17th of May 2023, commencing from 4:00 PM to 6:15 PM on both days. The initial day's activities unfolded within the college campus, while the following day's events took place in the well-equipped labs of the CS/IT Block.

Registration for the event commenced on the 10th of May 2023, attracting an overwhelming response with more than 150 teams enthusiastically enrolling to participate. Each team comprised three adept members, creating a competitive and engaging atmosphere throughout the event.

The competition structure was designed to consist of two distinct rounds, each aimed at assessing different facets of the participants' skills and abilities. The first day featured the captivating game round, wherein teams undertook a series of challenging tasks that expertly tested both their mental acumen and physical prowess. These tasks were strategically placed in various zones dispersed across the campus, ensuring an exhilarating and dynamic experience for the participants.

On the second day, the focus shifted to the technical round, an intellectually stimulating segment of the event. Shortlisted teams were presented with encrypted statements, and it was their coding expertise that came into play as they endeavored to decipher these cryptic challenges.
The teams earned points based on their successful decryption of the statements, contributing to their overall standing in the competition.

Following the completion of both rounds, a comprehensive evaluation process was conducted, wherein the scores ⟨und were meticulously combined. The final results were ⟨d based on this comprehensive assessment, determining the standout participants and ultimately, the victors of the "Ronins of Citadel" event.

Following teams secured the top ranks:

S.No	Team Name	Leader Name	Student No.
1.	Alpha	Manya Aggarwal	2211132
2.	Wabra	Kartikey Tandon	2112117
3.	Skull Crushers	Hemant Singh	2213049

Roboignitor Workshop

On 5th November 2022 a workshop "ROBOIGNITOR 2.0" was organised by OORJA SOCIETY in our college. It was a captivating workshop as it received massive participation from students of the all departments. Students were asked to register for the workshop through Google form online and a total 57 registration were made, later 48 participants attended the workshop. Participants were distributed to make a team of 6 members for the hands-on session which was after the Theoretical Session.

The workshop began with warm welcome with an introduction to the events organised by the Team Oorja over the past few years. Then a brief introduction about the workshop **Roboignitor.**

The workshop consisted of two sessions, which were;

• Theoretical Session

• Hands-on Session

Theoretical Session

In the Theoretical session, the members of team Oorja gave the students knowledge of Robots, how they work, and how they can use them in various parts of their life. They also gave information about the process of making a **Voice Recognition Robot** and what components are used and the knowledge about the components with the programming part applied in the robot.

Students also had the privilege to go through some Robot equipment.

The Theoretical Session was about 3 hours after that we had the hands-on session.

Hands-on Session

The Hands-on Session was for the students to have a real experience of how a robot works and how they can use it. In the workshop, they were provided with the equipment by which they had to make their own Robot which everyone succeeded. The hands-on session gave students a better experience of what they learned in the theoretical session.

GLEAM REPORT

Oorja Society organized an event named GLEAM on 21 April 2023, which was a great success with a total of 53 teams participating in the event. The event was divided into three rounds,which tested the participants' knowledge, skills, and technical expertise.

Round 1: Quiz Round

The first round of the event was a quiz round in which the participants had to solve four quizzes. The quiz questions were based on various topics. Out of the 53 teams, 24 teams qualified for the next round.

Round 2: Game Round

The second round was a game round, and each participant had to play four games within one minute. The games included Dart, Jenga, Boggle, and Spot the Difference. It was played simultaneously by all 4 members of the team and the scores of all four games were added to determine the final score. This round was tough, and the participants had to show their skills to qualify for the next round.

Round 3: Technical Round

The third round was a surprise round, 7 teams qualified for this round and the participants were given one MCQ to solve. After solving the question, the participants were asked to implement the solution on a breadboard. This round was a technical round, and the participants had to show their technical skills and expertise to qualify for the top position. This round was tough, and only the best teams could perform well and qualify for the top position.

MINI PROJECT EXHIBITION

Brief Report

On 08ᵗʰ February 2023 a Mini Project Exhibition of 2ⁿᵈ year (III Sem) EN students was organized in our department in collaboration with IEEE PES Chapter and Oorja (Department Technical Society). The idea of conducting of this event to encourage and motivate students for upcoming academic activities. It was a captivating event as it received huge participation from students. Students were asked to register for the workshop through Google form online and later were asked to make a team of 2 members. It was an enthralling event more than 15 teams participated in this exhibition

The workshop began with welcoming and introducing the guests of IEEE members followed by the words from Dr Hemant Ahuja (HoD EN Dept). The guests of honor was Prof. R.P. Maheshwari (Ex-Prof. IIT Roorkee). The whole event was coordinated by Mr. Dinanath Parsad and Arun Kumar Maurya.

We were overwhelmed by the participation of students and really enjoyed it a lot and dispersed with a sincere hope that such interactive events should be organized again by giving the students a chance to display their talents and gain knowledge.

Total 6 faculty experts were nominated, based on their collective evaluation. The final result are as follows-

Title	Group Members	Position
Support For Blinds	Risabh Bharanwal, Rahul Gupta	I
IoT Based Water Quality Monitoring System	Shivendra Singh, Priyanshu Pandey	
IMU Based Path Tracking System	Parth Suyal, Sarthak Singh	II
Bot Using Two Way Communication	Aniket Gangwar, Anvesha Pandey	II

   a) **Events organized by SAE, ISTE & Samveg.**

      Techno-managerial Society Details required for the session (2021-22, 2022-23)

SAMVEG

SAMVEG, the student society associated with the department of Mechanical Engineering, was formed on 1st March, 2006 under the guidance of Mr. Pallab Biswas and with the relentless support of the then third year students of the Mechanical Engineering Department. The society is formed with an aim to provide a platform to the students on which they enhance their practical knowledge and gain valuable experience in the industrial arena.

Samveg Society aims to help students turn their imagination into an engineering reality and supports all the imagination processes through creative events from its inception to final creation. Samveg acts as a platform for all mechanical students to show their technical and managerial skills and improve on them. Students of the college are offered opportunities such as quizzing, debating, group discussions, industrial visits, technical conferences and various technical events. Samveg has actively participated as a society in various Technical Festivals over the years. The sole intention behind starting off with a department society was to provide a channelized growth medium to the students, not merely in the field of academics, but also for other extra-curricular activities.

Events Name Under Society	Description of event	Date of Event	Faculty Coordinator	Student Coordinator	Pictures with captions
Battle of Thrones 2.0	It was two-day fun and technical event for students where first day was fun games and selected students had to show their technical skills to make a catapult from given materials to compete on second day of event.	7/5/2022 and 8/5/2022	Dr Pallab Biswas	Uday Chakrawal	
Junkyard 2.0	Two day event in which first day included fun and creative games to select innovative minds for second day where participants had to make some useful products from scraps provided by team samveg.	30/11/2022 and 1/12/2022	Dr Pallab Biswas	Raushan Kumar	

SAMVEG TEAM LIST 2022-23

❖ Second Year

  ➢ Aviral Tyagi
  ➢ Adarsh
  ➢ Jai Mishra
  ➢ Sachin Kumar
  ➢ Kush Saurikhiya

❖ Third Year

  ➢ Raushan Kumar
  ➢ Ishaan Agarwal
  ➢ Priyanshu Patel
  ➢ Ram Goel
  ➢ Aditya Saxena
  ➢ Ashish Anand
  ➢ Jatin
  ➢ Naman Kashyap
  ➢ Neelmani Mittal
  ➢ Shaarif
  ➢ Pranav

Director
Ajay Kumar Garg Engg. College
Ghaziabad

❖ Fourth Year

- ➢ Uday Chakrawal
- ➢ Nayan Verma
- ➢ Akash
- ➢ Laiba
- ➢ Srijan
- ➢ Vishwa Gaurav Shukla
- ➢ Tarun Raghav
- ➢ Priyanka Kuntal

INTRODUCTION

SAE-INDIA SUPRA 2023

SAE INDIA is the largest affiliate of SAE International with 6000 + colleges throughout the country and has been in the forefront in bringing several events modelled on international competitions which has grown enormously over the years.

SUPRA is the national level engineering student formula competition where teams from various engineering colleges participate. The event is organised by **Maruti Suzuki India** at **Buddh International Circuit, Greater Noida.**

In this, students design and fabricate a formula style vehicle. Making the student to learn and realize their talent through an experience, through this, they try to extract future entrepreneur, technocrats, innovators and leaders, thus serving the prime objective of bringing out real
talent to serve the Indian Automotive Industry for the years to come, in the continuation with the vision automotive mission plan, a dream to make India an international automotive hub.

In this Edition **60 teams** of various engineering colleges from all over the country
participated, which consists of more than **1500 participants**. In this event specification of the vehicle frame and engine are restricted to 610cc engines, so that knowledge, creativity and
imagination of students are fully challenged. The vehicles are built with a team effort over a period of one year and compete with other teams on the race track. The end result is great hands-on experience for young engineers encouraging teams to work with specific and end objectives.

During the main event the team goes through several levels of testing. i.e. Technical
inspection (Vehicle Scrutiny, Tilt Test, Noise Test & Brake Test), Static events (Cost Report Presentation, Business Presentation, Design presentation), Dynamic events (Acceleration test, Skid pad test, Autocross test) and Endurance test.

The pictures are shown below for reference.

(A)

Right View of Stands

JOURNEY of BRAVADO MOTORSPORT

The vehicle which has been built by our team with passion and dedication was loaded in the truck on **10ᵗʰ July 2023**. The vehicle reached the venue, Buddh International Circuit, Greater
Noida, Uttar Pradesh. No sooner did the truck reach the place the team did the registration forthe event.

All the important documents were prepared prior to the event in order to ease the registrationprocess. As soon as our team got registered, with all equipment and the vehicle, the team entered the Buddh International Circuit.

The image of loading the vehicle in the college campus is shown below.

(C)

Loading the vehicle

Our college team titled **Bravado Motorsport** involved **25 members** from several engineering branches. **Team number 30** was the number assigned to us same as the vehiclenumber.

In this event, the team built the car considering all the rules and regulations mentioned in therule book by SAE-INDIA. Right from sponsorship, presentation, marketing, cost, building
the vehicle to building a strong team spirit. As said, the team cannot predict the future but wecan surely work to make it better and more predictable. With that, with all pros and cons the team worked harder in the last months to achieve the desired results. It is not the end, indeeda great start to showcase the potential of our team.

Director
Ajay Kumar Garg Engg. College
Ghaziabad

Day 1 [10ᵗʰ July 2023]

The Entry

After the registration and all the paperwork, the team was assigned with the designated pitarea. Pit area is the particular area assigned to the teams where they work and gather all oftheir tools and inventory.

The image of the entry to the venue and final touch ups after the unloading is as shown below:

(E)

Entry to the venue

(F)

Last minute touchups

After reaching the Pit Area the team quickly engaged in the assembling the parts of the vehicle. The challenge was to prepare the vehicle for the technical inspection round abbreviation as TI round.
The TI Round checks the safety scrutiny for the vehicle and the driver. The judges inspecting the vehicle are instructed to inspect the vehicle according to rule book and considering safety as highest priority. After the changes which were made before the TI round the vehicle was ready for the inspection.

The team attempted the TI- 1 right after all the touchups were done.

(G)

Team working in the assigned pit

(H)   (I)

Team going for TI-1   TI – 1

By the end of the first day, the team had attempted the first technical inspection and wassuggested with some major and minor changes.

By the evening the team worked on the changes and was all set to clear the TI the next day.

DAY 2 [11th July 2023]

The Technical Inspection Round

The team had already attempted the first TI on the day 1 and the suggested changes were asfollows:

- ➢ Installation of body work properly.
- ➢ Placement of sufficient stickers on body work.
- ➢ Changing the Clamps.
- ➢ Orienting the nuts and bolts in same direction.
- ➢ Shielding the firewall and fuel tank.
- ➢ Removing the extra threads from bolts.

All of these were the minor changes which the team made by the end of day 1 only.At the beginning of the DAY 2 the team went for the TI-2.

(J)

As all the changes were correctly made and the vehicle was made according to the rule bookthe team cleared the TECHNICAL INSPECTION by the lunch of the Day 2.

Clearing the TI round.

Right after the technical inspection was done, the team members went for the STATICEVENTS [Design report and Cost report Presentation].

The design and cost report presentation was at C3D3 pit.

(K)

Design and Cost Report Presenta

After the lunch, the part of the team went for the business presenta t for theremaining technical inspections.

In SAE- SUPRA 2023, the technical inspection included

→ Vehicle Scrutiny
→ Tilt Test
→ Noise Test
→ Egress Test
→ Brake Test

The team passed the vehicle scrutiny with flying colours and went for the remaining test.Before the test, the vehicle was filled with the fuel which was about 9 litres.

Fuel Break

After the fuel break, the team went for the vehicle weight.

Vehicle Weight

The weight of the vehicle without driver was 245 kg and with driver it was 325 kg. The weight of the vehicle was all balanced on the four tyres which was also appreciated by thejudge. As soon as the weight of the vehicle was done, team went for the egress test.

The egress test is a safety check test in which the driver has to come out of the vehicle within5 seconds with the steering wheel removed.

Egress Test

In our first attempt, the first driver made it out in 3.45 seconds but the second driver took 5.05 seconds. But, in second attempt the second driver made in out in 4.45 seconds and theteam passed the Egress test.

With the completion of egress test, the team moved forward to the tilt test.

Tilt test is a safety check where the vehicle is tilted at an angle of 45˚ and 60˚ to check for a possible leakage. The team passed the tilt test in their first attempt only.

Tilt Test

With the completion of this test all the safety checks were completed and the team went for the brake and noise test.

As soon as the team went for the noise test the timing for the test were over and the team was instructed to attempt the test, the next day.

On the way to noise test.

By the end of the day 2 the team had completed the safety scrutiny the weight check, tilt test and egress test. As per the volunteers' team Bravado Motorsport was the 7th afety scrutiny and we were the 9th team to clear the tilt test out of 60 team, by the en

Director
Ajay Kumar Garg Engg. College
Ghaziabad

DAY 3 [12ᵗʰ July 2023]

Noise and Brake Test

After the successful and energetic Day 2, the completion of weight, egress and tilt test, herecomes the Day 3.

The team move further for the noise test which was the final test for the second sticker, everything was going right the team checked the engine by giving final ignition before the
test, on the test area when we cranked the engine the car didn't start and our first attempt wasdeclared a failed attempt.

The possible issues were

→ Leakage in the plenum
→ Low voltage in battery
→ Problem in fuel injector.

All the issues were fixed on spot as the team was all prepared for the worst situation. Afterfixing these issues, the team once again cranked the engine but the situation didn't get anybetter, it didn't respond well.

With that our second attempt was also declared as a failed attempt and the team was left withthe final attempt. The team tried their best to fix the problem and at the end the team was successful in cranking the engine. Right after the battery was cranked, the team went for thenoise test. During the lineup of the noise test, the team got to know that the battery is on a
low voltage then required. So, we jump started the vehicle with an external battery. By then,the rain started pouring out of nowhere and after 2- 3 attempts of jump starting, the team realised that there was a short circuit in the wiring. With this electrical fault, due to safety thejudges called off the test and out final attempt was over. As the team didn't clear the noise and brake test, we were not allowed to participate in any of the dynamic events and the endurance run. As per volunteers only 10 teams cleared all the test and went for the
Endurance run.

The dynamic events consist of: -

1. Brakes test
2-Acceleration test3-Auto-
cross
4-Skidpad

5-Endurance run

DAY 4 [13ᵗʰ July 2023]

The Parade Show and Award ceremony.

By the end of the day 3, the team didn't clear all of the required test and were not allowed to participate in the Endurance Run. The team missed the chance to participate in endurance runbut we went for the parade show. Our efforts did not meet the desired goal but the team
learned several lessons and gained experience over which we pledged to work harder anddecided to win the overall winner title next time. The team went to the award ceremony showing the sportsmanship and appreciated all the winners.

Award Ceremony

Learnings for the Team and the Lessons for the Juniors:

- ❖ **Be prepared for the worst situation. Calming the team and yourselfis very important.**
- ❖ **Coordination and communication among the team members is veryimportant from the start. Team work is what leads you to success.**
- ❖ **Consistency from the start is very important and problem solvingamong the members is as important as anything.**
- ❖ **Division of department and labour is essential as dependency andburden to one person is not beneficial for team.**
